NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

History

SRKP 11, Inc. (the Company), a development stage company, was organized under the laws of the State of Delaware on January 3, 2006. The Company is in the development stage as defined in Financial Accounting Standards Board Statement No. 7. The fiscal year end is December 31.

The Company filed a Form 10-SB registration statement with the Securities and Exchange Commission (SEC) pursuant to Section 12(g) of the Securities Exchange Act of 1934. The registration statement has been declared effective as of September 4, 2006.

Going Concern and Plan of Operation

The Company's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company is in the development stage and has negative working capital, negative stockholders' equity and has not earned any revenues from operations to date. These conditions raise substantial doubt about its ability to continue as a going concern.

The Company is currently devoting its efforts to locating merger candidates. The Company's ability to continue as a going concern is dependent upon its ability to develop additional sources of capital, locate and complete a merger with another company, and ultimately, achieve profitable operations. The accompanying financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Income Taxes

The Company uses the liability method of accounting for income taxes pursuant to Statement of Financial Accounting Standards No. 109. Under this method, deferred income taxes are recorded to reflect the tax consequences in future years of temporary differences between the tax basis of the assets and liabilities and their financial amounts at year-end.

For federal income tax purposes, substantially all startup and organizational expenses must be deferred until the Company commences business. The Company may elect a limited deduction of up to \$5,000 in the taxable year in which the trade or business begins. The \$5,000 must be reduced by the amount of startup costs in excess of \$50,000. The remainder of the expenses not deductible must be amortized over a 180-month period beginning with the month in which the active trade or business begins. These expenses will not be deducted for tax purposes and will represent a deferred tax asset. The Company will provide a valuation allowance in the full amount of the deferred tax asset since there is no assurance of future taxable income. Tax deductible losses can be carried forward for 20 years until utilized.

Deferred Offering Costs

Deferred offering costs, consisting of legal, accounting and filing fees relating to an offering will be capitalized. The deferred offering costs will be offset against offering proceeds in the event the offering is successful. In the event the offering is unsuccessful or is abandoned, the deferred offering costs will be expensed.

Cash and Cash Equivalents

Cash and cash equivalents consist primarily of cash in banks and highly liquid investments with original maturities of 90 days or less.

(A Development Stage Company)
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Concentrations of Credit Risk

The Company maintains all cash in deposit accounts, which at times may exceed federally insured limits. The Company has not experienced a loss in such accounts.

Earnings Per Common Share

A basic earnings per common share is computed based upon the weighted average number of common shares outstanding during the period. Diluted earnings per share consists of the weighted average number of common shares outstanding plus the dilutive effects of options and warrants calculated using the treasury stock method. In loss periods, dilutive common equivalent shares are excluded as the effect would be anti-dilutive.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates and assumptions.

Recently Issued Accounting Pronouncements

The Company has adopted all recently issued accounting pronouncements. The adoption of the accounting pronouncements is not anticipated to have a material effect on the operations of the Company.

NOTE 2 - STOCKHOLDERS' EQUITY

During January 2006, the Company sold for \$2,167 cash 5,400,000 shares of its \$.0001 par value common stock to various investors.

NOTE 3 - RELATED PARTY TRANSACTIONS

The Company neither owns nor leases any real or personal property. Most office services are provided without charge by WestPark Capital. The Company's President is also the CEO of WestPark Capital. Such costs are immaterial to the financial statements. The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities that become available. Such persons may face a conflict in selecting between the Company and their other business interests. The Company has not formulated a policy for the resolution of such conflicts.

NOTE 4 - DUE TO STOCKHOLDERS

Since inception certain stockholders have advanced the Company \$43,000 to pay for operating expenses. These funds have been advanced interest free, are unsecured, and are due on demand.

Item 2. Management's Discussion and Analysis or Plan of Operation.

Plan of Operation. SRKP 11, Inc. ("we", "our", "us" or the "Company") incurred a net loss of \$(2,416) for the three months ended June 30, 2007 and \$(39,544) for the cumulative period from January 3, 2006 (inception) to June 30, 2007. It is management's assertion that these circumstances may hinder the Company's ability to continue as a going concern. The Company has not realized any revenues from operations since inception, and its plan of operation for the next twelve months shall be to continue its efforts to locate suitable acquisition candidates.

Liquidity and Capital Resources. As of June 30, 2007, the Company had assets equal to \$5,623 consisting exclusively of cash. The Company can provide no assurance that it can continue to satisfy its cash requirements for at least the next twelve months.

Results of Operations. The Company has not conducted any active operations since inception, except for its efforts to locate suitable acquisition candidates. No revenue has been generated by the Company from January 3, 2006 (inception) to June 30, 2007. It is unlikely the Company will have any revenues unless it is able to effect an acquisition of, or merger with an operating company, of which there can be no assurance.

Item 3. Controls and Procedures.

Evaluation of disclosure controls and procedures.

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed pursuant to the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules, regulations and related forms, and that such information is accumulated and communicated to our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure.

As of June 30, 2007, we carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

Changes in internal controls.

There have been no changes in our internal controls or in other factors during our most recent fiscal quarter that could significantly affect these controls and procedures during the quarterly period ended June 30, 2007.
