In November 2007, the registrant effected a change in its operating status in connection with a share exchange transaction (the "Share Exchange"), as disclosed in the registrant's Current Report on Form 8-K filed with the Securities and Exchange Commission on November 5, 2007 (the "November Current Report"). Prior to the Share Exchange, the registrant was a shell company known as SRKP 11, Inc. Upon consummation of the Share Exchange, the registrant became the parent company of Hong Kong Highpower Technology Company Limited, a company organized under the laws of Hong Kong, and its operating subsidiary Shenzhen Highpower Technology Co., Ltd., a company organized under the laws of the People's Republic of China, which is engaged in the manufacture, marketing and distribution of rechargeable nickel metal hydride batteries. Upon the closing of the Share Exchange, the registrant also changed its name to Hong Kong Highpower Technology, Inc. and was no longer considered a "shell company" as defined by Rule 12b-2. As the financial statements that will be included in the registrant's Quarterly Report on Form 10-Q will be those pertaining to the registrant's current business operations as Hong Kong Highpower Technology, Inc., it is anticipated that there will be a significant change in results of operations from the results reported by the registrant as a shell company for the corresponding period ending September 30, 2006.
