QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For The Quarterly Period Ended September 30, 2012

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For The Transition Period From To

COMMISSION FILE NO.: 001-34098

HIGHPOWER INTERNATIONAL, INC.

(Exact name of Registrant as specified in its charter)

Delaware

(State or other jurisdiction of
incorporation or organization)

20-4062622

(I.R.S. Employer
Identification Number)

Building A1, 68 Xinxia Street, Pinghu, Longgang,
Shenzhen, Guangdong, 518111, People's Republic of China
(ADDRESS OF PRINCIPAL EXECUTIVE OFFICES)(ZIP CODE)

(86) 755-89686292

(COMPANY'S TELEPHONE NUMBER, INCLUDING AREA CODE)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" as defined in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

The registrant had 13,582,106 shares of common stock, par value \$0.0001 per share, outstanding as of November 12, 2012. The registrant's common stock is listed on the Nasdaq Global Market under the stock symbol "HPJ."

HIGHPOWER INTERNATIONAL, INC AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

1. Organization and basis of presentation

The consolidated financial statements include the financial statements of Highpower International, Inc. (“Highpower”) and its subsidiaries, Hong Kong Highpower Technology Company Limited (“HKHTC”), Shenzhen Highpower Technology Company Limited (“SZ Highpower”), Highpower Energy Technology (Huizhou) Company Limited (“HZ Highpower”), Springpower Technology (Shenzhen) Company Limited (“SZ Springpower”), Ganzhou Highpower Technology Company Limited (“GZ Highpower”), Icon Energy System Company Limited (“ICON”) and Huizhou Highpower Technology Limited (“HZ HTC”). Highpower and its subsidiaries are collectively referred to as the “Company”.

Highpower was incorporated in the State of Delaware on January 3, 2006 to locate a suitable acquisition candidate to acquire. HKHTC was incorporated in Hong Kong on July 4, 2003 and organized principally to engage in the manufacturing and trading of nickel metal hydride rechargeable batteries. All other subsidiaries were incorporated in the People’s Republic of China (“P.R.C.”).

On February 8, 2012, GZ Highpower, which was incorporated in September 21, 2010, increased its registered capital to RMB30,000,000 (\$4,762,586) from RMB2,000,000 (\$293,574). SZ Highpower holds 60% of the equity interest of GZ Highpower, and four founding management members hold the remaining 40%. As of September 30, 2012, the paid-in capital was approximately RMB15,000,000 (\$2,381,293).

On March 8, 2012, SZ Highpower invested RMB5,000,000 (\$791,377) in HZ HTC, which is a wholly-owned subsidiary of SZ Highpower. HZ HTC engages in the manufacture of batteries.

On September 14, 2012, SZ Springpower increased its registered capital from \$1,000,000 to \$3,330,000. SZ Highpower paid the increased capital. As of September 30, 2012, SZ Highpower holds 69.97% of the equity interest of SZ Springpower, and HKHTC holds the remaining 30.03%.

The subsidiaries of the Company and their principal activities are described as follows:

Name of company	Place and date incorporation	Attributable equity interest held	Principal activities
Hong Kong Highpower Technology Co., Ltd (“HKHTC”)	Hong Kong July 4, 2003	100%	Investment holding
Shenzhen Highpower Technology Co., Ltd (“SZ Highpower”)	P.R.C. October 8, 2002	100%	Manufacturing & marketing of batteries
Highpower Energy Technology (Huizhou) Co., Ltd (“HZ Highpower”)	P.R.C. January 29, 2008	100%	Inactive
Springpower Technology (Shenzhen) Co., Ltd (“SZ Springpower”)	P.R.C. June 4, 2008	100%	Research & manufacturing of batteries

HIGHPOWER INTERNATIONAL, INC AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (Stated in US Dollars)

1. Organization and basis of presentation (continued)

Name of company	Place and date incorporation	Attributable equity interest held	Principal activities
Ganzhou Highpower Technology Co., Ltd ("GZ Highpower")	P.R.C. September 21, 2010	60%	Processing, marketing and research of battery materials
Icon Energy System Co., Ltd. ("ICON")	P.R.C. February 23, 2011	100%	Research and production of advanced battery packs and systems
Huizhou Highpower Technology Co., Ltd ("HZ HTC")	P.R.C. March 8, 2012	100%	Manufacturing & marketing of batteries

2. Summary of significant accounting policies

Basis of presentation

The accompanying consolidated balance sheet as of September 30, 2012, which has been derived from audited financial statements, and the unaudited interim consolidated financial statements as of September 30, 2012 and for the three and nine month periods ended September 30, 2012 and 2011 have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). Certain information and note disclosures, which are normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (the "U.S. GAAP"), have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures made are adequate to provide for fair presentation. The interim financial information should be read in conjunction with the Financial Statements and the notes thereto, included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011, previously filed with the SEC.

In the opinion of management, all adjustments (which include normal recurring adjustments) necessary to present a fair statement of the Company's consolidated financial position as of September 30, 2012, its consolidated results of operations for the three and nine month periods ended September 30, 2012 and 2011, and its cash flows for the nine month period ended September 30, 2012 and 2011, as applicable, have been made. The interim results of operations are not necessarily indicative of the operating results for the full fiscal year or any future periods.

Principle of consolidation

The consolidated financial statements include the accounts of the Company and its subsidiaries. Intercompany accounts and transactions have been eliminated in consolidation.

Non-controlling interests represent the ownership interests in GZ Highpower that are held by owners other than the parent and are part of the equity of the consolidated group. The non-controlling interests are reported in the consolidated balance sheets within equity, separately from the stockholders' equity. Net income or loss and comprehensive income or loss is attributed to the stockholders and the non-controlling interests. If losses attributable to the stockholders and the non-controlling interests in GZ Highpower exceed their interests in GZ Highpower's equity, the excess, and any further losses attributable to the stockholders and the non-controlling interests, is attributed to those interests.

HIGHPOWER INTERNATIONAL, INC AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

2. Summary of significant accounting policies (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates and assumptions include revenues; the allowance for doubtful receivables; recoverability of the carrying amount of inventory; fair values of financial instruments; and the assessment of deferred tax assets or liabilities. These estimates are often based on complex judgments and assumptions that management believes to be reasonable but are inherently uncertain and unpredictable. Actual results could differ from these estimates.

Concentrations of credit risk

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of accounts receivable. The Company extends credit based on an evaluation of the customer's financial condition, generally without requiring collateral or other security. In order to minimize the credit risk, the management of the Company has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. Further, the Company reviews the recoverable amount of each individual trade debt at each balance sheet date to ensure that adequate impairment losses are made for irrecoverable amounts. In this regard, the management of the Company considers that the Company's credit risk is significantly reduced.

During the three months and nine months ended September 30, 2012 and 2011, there was one customer, Energizer Holdings, Inc., that accounted for 10% or more of total net revenue. The percentages of total net sales from Energizer Holdings, Inc. in the three months ended September 30, 2012 and 2011 were 13.4% and 21.1%, respectively, and in the nine months ended September 30, 2012 and 2011 were 16.1% and 20.0%, respectively.

The Company's top two third-party customers accounted for an aggregate of 36.3% of the accounts receivable as of September 30, 2012 and 25.0% of the accounts receivable as of December 31, 2011.

Cash and cash equivalents

Cash and cash equivalents include all cash, deposits in banks and other liquid investments with initial maturities of three months or less.

Restricted cash

Certain cash balances are held as security for notes payable and foreign currency loans. These balances are classified as restricted cash in the Company's balance sheets.

HIGHPOWER INTERNATIONAL, INC AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

2. Summary of significant accounting policies (continued)

Accounts receivable

Accounts receivable are stated at the original amount less an allowance made for doubtful receivables, if any, based on a review of all outstanding amounts at period end. An allowance is also made when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of receivables. Bad debts are written off when identified. The Company extends unsecured credit to customers in the normal course of business and believes all accounts receivable in excess of the allowances for doubtful receivables to be fully collectible. The Company does not accrue interest on trade accounts receivable.

Inventories

Inventories are stated at lower of cost or market. Cost is determined using the weighted average method. Inventory includes raw materials, packing materials, work in progress and finished goods. The variable production overhead is allocated to each unit of production on the basis of the actual use of the production facilities. The allocation of fixed production overhead to the costs of conversion is based on the normal capacity of the production facilities.

Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation. Cost represents the purchase price of the asset and other costs incurred to bring the asset into its existing use. Maintenance, repairs and betterments, including replacement of minor items, are charged to expense; major additions to physical properties are capitalized.

Depreciation of plant and equipment is provided using the straight-line method over their estimated useful lives at the following annual rates:

Buildings	5% - 10%
Furniture, fixtures and office equipment	20%
Leasehold improvement	50%
Machinery and equipment	10%
Motor vehicles	20%

Upon sale or disposition, the applicable amounts of asset cost and accumulated depreciation are removed from the accounts and the net amount less proceeds from disposal is charged or credited to income.

Construction in progress represents capital expenditures for direct costs of construction or acquisition and design fees incurred, and the interest expense directly related to the construction. Capitalization of these costs ceases and the construction in progress is transferred to the appropriate category of property, plant and equipment when substantially all the activities necessary to prepare the assets for their intended use are completed. Construction in progress is not depreciated.

HIGHPOWER INTERNATIONAL, INC AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

2. Summary of significant accounting policies (continued)

Land use rights, net

Land use rights represent payments for the rights to use certain parcels of land for a certain period of time in the P.R.C. Land use rights are carried at cost and charged to expense on a straight-line basis over the period the rights are granted.

Intangible assets, net

Intangible assets represent a royalty-bearing, non-exclusive license to use certain patents owned by Ovonic Battery Company, Inc. ("Ovonic"), an unrelated party, to manufacture rechargeable nickel metal hydride batteries for portable consumer applications ("Consumer Batteries") in the P.R.C, and a royalty-bearing, non-exclusive worldwide license to use certain patents owned by Ovonic to use, sell and distribute Consumer Batteries. The value of the licenses was established based on historic acquisition costs.

Intangible assets are amortized over their estimated useful lives, and are reviewed annually for impairment, or more frequently, if indications of possible impairment exist.

Deferred Revenue

Deferred revenue represents the government grants received related to developing property, and will be recognized over the useful lives of the assets. The Company received a grant of \$655,446 on May 28, 2012 from the Department of Industry and Information Technology for the construction of the new factory in Ganzhou City, Jiangxi Province, P.R.C. The Company will apply the deferred revenue to reduce the cost basis of the assets, upon completion of construction of the warehouse, thus reducing the annual depreciation charge over the estimated useful life of the property, plant and equipment of the new factory.

Revenue recognition

The Company recognizes revenue when all of the following criteria must exist in order for the Company to recognize revenue: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred or services have been rendered; (3) price to the buyer is fixed or determinable; and (4) collectability is reasonably assured.

The Company does not have arrangements for returns from customers and does not have any future obligations directly or indirectly related to product resale by customers. The Company has no incentive programs.

Research and development

Research and development expenses include expenses directly attributable to the conduct of research and development programs, including the expenses of salaries, employee benefits, materials, supplies, maintenance of research equipment. All expenditures associated with research and development are expensed as incurred.

2. Summary of significant accounting policies (continued)

Advertising

Advertising, which generally represents the expenses of promotions to create or stimulate a positive image of the company or a desire to buy the company's products and services, is expensed as incurred. No advertising expense was recorded for the three and nine months ended September 30, 2012 and 2011.

Income taxes

The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period end based on enacted tax laws and statutory tax rates, applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

Uncertain tax positions

The Company accounts for uncertainty in income taxes using a two-step approach to recognizing and measuring uncertain tax positions. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates that it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount that is more than 50% likely of being realized upon settlement. The Company classifies the liability for unrecognized tax benefits as current to the extent that the Company anticipates payment (or receipt) of cash within one year. Interest and penalties related to uncertain tax positions are recognized and recorded as necessary in the provision for income taxes. There were no uncertain tax positions in September 30, 2012 and December 31, 2011.

Comprehensive income

Recognized revenue, expenses, gains and losses are included in net income or loss. Although certain changes in assets and liabilities are reported as separate components of the equity section of the consolidated balance sheet, such items, along with net income or loss, are components of comprehensive income or loss. The components of other comprehensive income or loss are consisted solely of foreign currency translation adjustments, net of the income tax effect.

2. Summary of significant accounting policies (continued)

Foreign currency translation and transactions

Highpower's functional currency is the United States dollar ("US\$"). HKHTC's functional currency is the Hong Kong dollar ("HK\$"). The functional currency of the Company's subsidiaries in the P.R.C is the Renminbi ("RMB").

At the date a foreign currency transaction is recognized, each asset, liability, revenue, expense, gain, or loss arising from the transaction is measured initially in the functional currency of the recording entity by use of the exchange rate in effect at that date. The increase or decrease in expected functional currency cash flows upon settlement of a transaction resulting from a change in exchange rates between the functional currency and the currency in which the transaction is denominated is recognized as foreign currency transaction gain or loss that is included in determining net income for the period in which the exchange rate changes. At each balance sheet date, recorded balances that are denominated in a foreign currency are adjusted to reflect the current exchange rate.

The Company's reporting currency is US\$. Assets and liabilities of HKHTC and the P.R.C. subsidiaries are translated at the current exchange rate at the balance sheet dates, revenues and expenses are translated at the average exchange rates during the reporting periods, and equity accounts are translated at historical rates. Translation adjustments are reported in other comprehensive income.

HIGHPOWER INTERNATIONAL, INC AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

2. Summary of significant accounting policies (continued)

Fair value of financial instruments

The carrying values of the Company's financial instruments, including cash and cash equivalents, restricted cash, trade and other receivables, deposits, trade and other payables, bank borrowings, approximate their fair values due to the short-term maturity of such instruments.

The Company defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Company considers the principal or most advantageous market in which it would transact and it considers assumptions that market participants would use when pricing the asset or liability.

The Company establishes a fair value hierarchy that requires it to maximize the use of observable inputs and to minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

-Level 1 applies to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

-Level 2 applies to assets or liabilities for which there are inputs other than quoted prices included within Level 1 that are observable for the asset or liability such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which significant inputs are observable or can be derived principally from, or corroborated by, observable market data.

-Level 3 applies to assets or liabilities for which there are unobservable inputs to the valuation methodology that are significant to the measurement of the fair value of the assets or liabilities.

Derivatives

From time to time the Company may utilize foreign currency forward contracts to reduce the impact of foreign currency exchange rate risk. Management considered that the foreign currency forwards could not meet the criteria for designated hedging instruments and hedged transactions to qualify for cash flow hedge or fair value hedge accounting. The currency forwards and future contracts therefore are accounted for as derivatives, with fair value changes reported as gain (loss) of derivative instruments in income statement. The fair value balance of the foreign currency derivatives assets was \$113,402 and \$15,653 as of September 30, 2012 and December 31, 2011, respectively.

Earnings per share

Basic earnings per share is computed by dividing income attributable to holders of common shares by the weighted average number of common shares outstanding during the year. Diluted earnings per common share reflects the potential dilution that could occur if securities or other contracts to issue common shares were exercised or converted into common shares.

There were 727,500 and 637,500 options and warrants outstanding as of September 30, 2012 and 2011, respectively, which were not included in the calculation of diluted income per share for the periods ended because their effect would have been anti-dilutive.

2. Summary of significant accounting policies (continued)

Recently issued accounting pronouncements

In July 2012, the FASB issued ASU 2012-02, "Intangibles-Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment." This ASU simplifies how entities test indefinite-lived intangible assets for impairment, which improves consistency in impairment testing requirements among long-lived asset categories. These amended standards permit an assessment of qualitative factors to determine whether it is more likely than not that the fair value of an indefinite-lived intangible asset is less than its carrying value. For assets in which this assessment concludes it is more likely than not that the fair value is more than its carrying value, these amended standards eliminate the requirement to perform quantitative impairment testing as outlined in the previously issued standards. The guidance is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, early adoption is permitted. The Company has adopted this ASU beginning with its Quarterly Report on Form 10-Q for the three months ended September 30, 2012. There is no material impact on the consolidated financial statements upon adoption.

Except for the ASUs above, in the period ended November 9, 2012, the FASB has issued ASU No. 2012-01 through ASU 2011-02, which is not expected to have a material impact on the consolidated financial statements upon adoption.

3. Correction of previously issued consolidated financial statements

Certain comparative amounts in prior periods have been corrected to conform to the current period's presentation. The principal corrections related to: 1) the separate presentation of research and development expenses as an operating expenses line item in the statement of operations, which was previously included in general and administrative expenses; and 2) correcting accounting errors such as recognition of capitalized interest.

The following table summarizes the adjustments made to the previously reported consolidated statement of operations and comprehensive income (loss) for the three and nine months ended September 30, 2011, and consolidated statement of cash flows for the nine months ended September 30, 2011.

Selected consolidated statement of operations and comprehensive income (loss) information for the three and nine months ended September 30, 2011:

4. Accounts receivable, net

As of September 30, 2012 and December 31, 2011, accounts receivable include the following:

	<i>September 30,</i> 2012	<i>December 31,</i> 2011
	<i>(Unaudited)</i>	<i>(Unaudited)</i>
	\$	\$
Accounts receivable	25,408,181	21,520,763
Less: allowance for doubtful debts	1,446,760	391,345
	<u>23,961,421</u>	<u>21,129,418</u>

The Company experienced bad debt expenses of \$1,156,434 and \$146,393, respectively, during the nine months ended September 30, 2012 and 2011, and \$874,307 and \$89,572, respectively, during the three months ended September 30, 2012 and 2011.

The Company wrote off \$102,353 and \$60,426, respectively, in accounts receivable in the nine months ended September 30, 2012 and 2011.

5. Prepayments

	<i>September 30,</i> 2012	<i>December 31,</i> 2011
	<i>(Unaudited)</i>	<i>(Unaudited)</i>
	\$	\$
Purchase deposits paid	1,743,114	2,718,685
Advance to staff	185,164	48,678
Other deposits and prepayments	1,164,395	871,679

9. Land use rights, net

	<i>September 30,</i> <i>2012</i>	<i>December 31,</i> <i>2011</i>
	<i>(Unaudited)</i>	
	\$	\$
<i>Cost</i>		
Land located in Huizhou	3,416,123	3,405,396
Land located in Ganzhou	1,332,697	-
	4,748,820	3,405,396
Accumulated amortization	(340,080)	(272,431)
	4,408,740	3,132,965

As of September 30, 2012, land use rights of the Company included certain parcels of land located in Huizhou City, Guangdong Province, the P.R.C. and Ganzhou City, Jiangxi Province, the P.R.C., with a total net carrying value of \$4,408,740. The land use rights for land with area of approximately 126,605 square meters and 58,669 square meters, which will expire on May 23, 2057 and January 4, 2062, respectively.

The land use rights are being amortized annually using the straight-line method over the contract terms of 50 years. The Company recorded amortization expenses of \$66,332 and \$49,562 for the nine months ended September 30, 2012 and 2011, respectively, and \$23,502 and \$16,399 for the three months ended September 30, 2012 and 2011, respectively.

The land use right for land located in Huizhou City was pledged as collateral for bank loans as of September 30, 2012 and December 31, 2011.

10. Intangible asset, net

	<i>September 30,</i> <i>2012</i>	<i>December 31,</i> <i>2011</i>

Other payables	599,871	517,790
	5,349,133	6,941,063

12. Taxation

The Company and its subsidiaries file tax returns separately.

1) Value added tax ("VAT")

Pursuant to the Provisional Regulation of the P.R.C. on VAT and the related implementing rules, all entities and individuals ("taxpayers") that are engaged in the sale of products in the P.R.C. are generally required to pay VAT at a rate of 17% of the gross sales proceeds received, less any deductible VAT already paid or borne by the taxpayers. Further, when exporting goods, the exporter is entitled to a portion of or all the refund of VAT that it has already paid or incurred. The Company's P.R.C. subsidiaries are subject to VAT at 17% of their revenues.

2) Income tax

United States

Highpower was incorporated in Delaware and is subject to U.S. federal income tax with a system of graduated tax rates ranging from 15% to 35%. As Highpower does not conduct any business in the U.S. or Delaware, it is not subject to U.S. and Delaware state corporate income tax. No deferred U.S. taxes are recorded since all accumulated profits in the P.R.C. will be permanently reinvested in the P.R.C.

Hong Kong

HKHTC incorporated in Hong Kong, is subject to a corporate income tax rate of 16.5%.

P.R.C.

In accordance with the relevant tax laws and regulations of the P.R.C., a company registered in the P.R.C. is subject to income taxes within the P.R.C. at the applicable tax rate on the taxable income.

SZ Highpower has obtained the approval and is qualified as a New and High-Tech Enterprise ("NHTE") by the Shenzhen Tax Bureau, and according to the P.R.C. Enterprise Income Tax Law, it is eligible to enjoy a preferential tax rate of 15% for the calendar years of 2012 and 2011. All the other P.R.C. subsidiaries are not entitled to any tax holiday. They were subject to income tax at a rate of 25% for calendar years 2012 and 2011.

13. Short-term loans

	<i>September 30,</i> <i>2012</i>	<i>December 31,</i> <i>2011</i>
	<i>(Unaudited)</i>	
	\$	\$
Guaranteed and repayable within one year Short-term bank loans	15,671,794	9,545,383

As of September 30, 2012, the above bank borrowings were for working capital purposes and were guaranteed by personal guarantees executed by certain directors of the Company and a land use right with carrying amount \$3,091,592 pledged as collateral.

The loans were primarily obtained for general working capital, carried interest rates ranging from 2.62% to 7.22% per annum.

14. Notes payable

The Company has executed credit facilities with certain banks that provided for working capital in the form of bank acceptance bills. The funds borrowed under these facilities are generally repayable within 6 months. The notes payable are non-interest bearing and do not have any restrictions or covenants attached. Outstanding notes payable were \$24,286,540 and \$17,909,843 as of September 30, 2012 and December 31, 2011, respectively.

15. Line of credit

The Company entered into some credit contracts revolving line of credit, which were used by short-term loans and bank acceptance bills. The following tables summarize the unused lines of credit as of September 30, 2012 and December 31, 2011:

The line of credits from Bank of China and Industrial and Commercial Bank of China are guaranteed by SZ Springpower, HK Highpower and the Company's Chief Executive Officer, Mr. Dang Yu Pan.

The line of credits from Shenzhen Development Bank Co., Ltd, China Resources Bank of Zhuhai and Standard Chartered (China) Co., Ltd are jointly guaranteed by SZ Springpower and the Company's Chief Executive Officer, Mr. Dang Yu Pan.

The line of credit from China Everbright Bank is guaranteed by the Company's Chief Executive Officer, Mr. Dang Yu Pan.

Certain of the agreements governing the Company's loans include standard affirmative and negative covenants, including restrictions on granting additional pledges on the Company's property and incurring additional debt and obligations to provide advance notice of major corporate actions, and other covenants including: the borrower may not serve as a guarantor for more than double its net assets; the borrower is restricted in certain circumstances from using the loans in connection with related party transactions or other transactions with affiliates; the borrower must provide monthly reports to certain lenders describing the actual use of loans; the borrower may need to obtain approval to engage in major corporate transactions; and the borrower may need to obtain approval to increase overseas investments, guarantee additional debt or incur additional debt by an amount which exceeds 20% of its total net assets should the lender determine that such action will have a material impact on the ability of the borrower to repay the loan. The covenants in these loan agreements could prohibit the Company from incurring any additional debt without consent from its lenders. The Company believes it would be able to obtain consents from the lenders in the event it needed to do so. The agreements governing the Company's loans may also include covenants that, in certain circumstances, may require the Company's PRC operating subsidiaries to give notice to, or obtain consent from, certain of their lenders prior to making a distribution of net profit, as well as covenants restricting the ability of the Company's PRC operating subsidiaries from extending loans. As of September 30, 2012 and December 31, 2011, the Company was in compliance with all material covenants in its loan agreements.

16. Long-term loans

	<i>September 30,</i> <i>2012</i>	<i>December 31,</i> <i>2011</i>
	<i>(Unaudited)</i>	
	\$	\$
Long term loans from Bank of China	7,954,437	-
Less: current portion of long-term borrowings	1,749,976	-
Long-term borrowings, net of current portion	6,204,461	-

On January 13, 2012, the Company borrowed \$7,954,437 (RMB50 million) from Bank of China, which is guaranteed by HK Highpower, SZ Highpower, SZ Springpower and the Company's Chief Executive Officer, Mr. Dang Yu Pan. It is five-year long-term loan, with an annual interest rate equal to 110% of the benchmark-lending rate of PBOC, which ranged from 7.04% to 7.59% for the nine months ended September 30, 2012. Interest expenses are to be paid quarterly.

The interest expenses were \$149,637 and \$318,424 for the three and nine months ended September 30, 2012, respectively.

The principal is to be repaid quarterly from September 30, 2012. 2% of the principal should be paid on September 30, 2012 and December 30, 2012, respectively. And each 6% should be paid every quarter after December 31, 2012 until the due date. The repayment schedule of the principal was summarized as in below table:

	\$
Within 1 year	1,749,976
2 to 3 years	1,909,065
3 to 4 years	1,909,065
4 to 5 years	1,909,065
5 to 6 years	477,266
	7,954,437

2% of the principal amounted to \$159,089 which was due on September 30, 2012 was paid on October 8, 2012.

17. Share-based compensation expenses

2008 Omnibus Incentive Plan

The 2008 Omnibus Incentive Plan (the "2008 Plan") was approved by the Company's Board of Directors on October 30, 2008 and became effective upon the approval of the Company's stockholders on December 11, 2008. The 2008 Plan has a ten-year term. The 2008 Plan reserves two million shares of common stock for issuance, subject to increase from time to time by the number of shares: (i) subject to outstanding awards granted under the Company's prior equity compensation plans that terminate without delivery of any stock (to the extent such shares would have been available for issuance under such prior plan), and (ii) subject to awards assumed or substituted in connection with the acquisition of another company.

The 2008 Plan authorizes the issuance of awards including stock options, restricted stock units (RSUs), restricted stock, unrestricted stock, stock appreciation rights (SARs) and other equity and/or cash performance incentive awards to employees, directors, and consultants of the Company. Subject to certain restrictions, the Compensation Committee of the Board of Directors has broad discretion to establish the terms and conditions for awards under the 2008 Plan, including the number of shares, vesting conditions and the required service or performance criteria. Options and SARs have a contractual term of ten years and generally vest over four to five years with an exercise price equal to the fair value on the date of grant. Incentive stock options (ISOs) granted must have an exercise price equal to the fair market value on the date of grant. Repricing of stock options and SARs is prohibited without stockholder approval. Certain change in control transactions may cause awards granted under the 2008 Plan to vest, unless the awards are continued or substituted for in connection with the transaction. At September 30, 2012, approximately 1,303,000 shares of the Company's common stock remained available for issuance under the 2008 Plan.

Share-based compensation related to employees

	Number of Share	Weighted Average Exercise Price	Contractual Term in Years
Outstanding, January 1, 2012	630,000	\$ 3.04	9.23
Granted	100,000	\$ 1.15	
Exercised	-	-	
Forfeited	(65,000)	\$ 2.51	
Outstanding, September 30, 2012	<u>665,000</u>	<u>\$ 2.81</u>	<u>8.60</u>
Exercisable, September 30, 2012	<u>120,000</u>	<u>\$ 3.48</u>	<u>8.32</u>

HIGHPOWER INTERNATIONAL, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

17. Share-based compensation expenses (continued)

During the nine months ended September 30, 2012, the Company granted 100,000 shares to one employee at an exercise price of \$1.15 per share. During the nine months ended September 30, 2012, a total of 65,000 options were forfeited in accordance with the terms and conditions of the 2008 Plan.

There were no options granted to employees during the three months ended September 30, 2012. The weighted-average fair value of options granted to employees for the nine month periods ended September 30, 2012 and 2011 were \$0.74 per share and \$1.47 per share, respectively, and were calculated using the Black-Scholes pricing model, with the following weighted-average assumptions:

	<i>Three months ended</i>		<i>Nine months ended</i>	
	<i>September 30,</i>		<i>September 30,</i>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
Expected volatility	-	40.14%	71.78%	40.02%
Risk-free interest rate	-	1.12%	1.09%	2.42%
Expected term from grant date (in years)	-	6.25	6.25	6.16
Dividend rate	-	-	-	-
Forfeiture rate	-	-	4.86%	4.30%
Fair value	-	\$ 0.52	0.74	\$ 1.47

The estimated fair value of share-based compensation to employees is recognized as a charge against income on a ratable basis over the requisite service period, which is generally the vesting period of the award.

Total share-based payment expenses

In connection with the grant of stock options to employees and nonemployees, the Company recorded share-based compensation charges of \$52,030 and \$266, respectively, for the three-month period ended September 30, 2012 and stock-based compensation charges of \$335,231 and \$(354), respectively, for the three-month period ended September 30, 2011. The Company recorded share-based compensation charges of \$144,661 and \$798, respectively, for the nine-month period ended September 30, 2012 and stock-based compensation charges of \$611,650 and \$407, respectively, for the nine-month period ended September 30, 2011.

HIGHPOWER INTERNATIONAL, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

17. Share-based compensation expenses (continued)

Expected Term

The expected term of stock options represents the weighted-average period that the stock options are expected to remain outstanding. There have been no stock option exercises to date upon which to base an estimate of the expected term. The Company determined it appropriate to estimate the expected term using the "simplified" method as prescribed by the Securities and Exchange Commission, or SEC, in Staff Accounting Bulletin No. 107, or SAB 107, as amended by SAB 110. The simplified method determines an expected term based on the average of the weighted average vesting term and the contractual term of the option.

Expected Volatility

The Company has limited stock trading history and it is not able to reasonably estimate the fair value of its equity share options because it is not practicable for it to estimate the expected volatility of its share price. The expected volatilities used for the three and nine month periods ended September 30, 2012 and 2011 are based upon the volatilities of a peer group of comparable publicly traded companies. This peer group was selected by the Company using criteria including similar industry, similar stage of development and comparable market capitalization.

Risk-Free Interest Rate

The risk-free interest rate assumption is based on U.S. Treasury instruments with a term consistent with the expected term of the Company's stock options.

Dividend Yield

The Company has never declared or paid any cash dividends and does not plan to pay cash dividends in the foreseeable future, and therefore, used an expected dividend yield of zero in the valuation model.

Forfeitures

The Company estimates forfeitures at the time of grant and revises the estimates in subsequent periods if actual forfeitures differ from what was estimated. The Company uses historical data to estimate pre-vesting option forfeitures and records stock-based compensation expense only for those awards that are expected to vest. All stock-based payment awards are amortized on a ratable basis over the requisite service periods of the awards, which are generally the vesting periods. The Company records stock-based compensation expense only for those awards that are expected to vest.

18. Earnings per share

Basic earnings per common share are computed by dividing income available to common stockholders by the weighted-averages number of shares of common stock outstanding during the period. Diluted earnings per common share is computed by dividing income available to common stockholders by the weighted-average number of shares of common stock outstanding during the period increased to include the number of additional shares of common stock outstanding that would have been outstanding if the potentially dilutive securities had been issued. Potentially dilutive securities include outstanding stock options, warrants and restricted shares. The dilutive effect of potential dilutive securities is reflected in diluted earnings per common share by application of the treasury stock method. Under the treasury stock method, an increase in the fair market value of the Company's common stock can result in a greater dilutive effect from potentially dilutive securities. The Company excludes potential common stocks in the diluted earnings per share computation in periods of losses from continuing operations, as their effect would be anti-dilutive.

The following tables set forth the computation of basic and diluted earnings per common share for the three months ended September 30, 2012 and 2011, and the nine months ended September 30, 2012 and 2011.

	<i>Three months ended</i>		<i>Nine months ended</i>	
	<i>September 30,</i>		<i>September 30,</i>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
	<i>(Unaudited)</i>	<i>(Unaudited)</i>	<i>(Unaudited)</i>	<i>(Unaudited)</i>
	\$	\$	\$	\$
Numerator:				
Net income attributable to the Company	<u>644,362</u>	<u>(630,510)</u>	<u>1,151,261</u>	<u>(596,767)</u>
Denominator:				
Weighted-average shares outstanding	13,582,106	13,582,106	13,582,106	13,582,106
Effect of dilutive securities	-	-	-	-
Denominator:				
Weighted-average shares diluted	<u>13,582,106</u>	<u>13,582,106</u>	<u>13,582,106</u>	<u>13,582,106</u>
Basic earnings per common share attributable to the Company	<u>0.05</u>	<u>(0.05)</u>	<u>0.08</u>	<u>(0.04)</u>
Diluted earnings per common share attributable to the Company	<u>0.05</u>	<u>(0.05)</u>	<u>0.08</u>	<u>(0.04)</u>

Diluted earnings per share takes into account the potential dilution that could occur if securities or other contracts to issue common stock were exercised and converted into common stock. Stock options totaled 680,000 shares that could potentially dilute earnings per share in the future which were not included in the fully diluted computation for the three and nine months ended September 30, 2012 because they would have been anti-dilutive since the stock's average market price did not exceed the exercise price. Warrants totaled 47,500 shares that could potentially dilute earnings per share which were not included in the fully diluted computation for the three and nine months ended September 30, 2012, since the stock's average market price did not exceed the exercise price.

19. Share warrants

On September 19, 2008, the Company issued to WestPark Capital warrants to purchase 52,500 shares of common stock at an exercise price of \$3.90 per share in connection with the initial public offering. The warrants have a term of five years and are exercisable no sooner than one year and no later than five years.

The fair value of the warrants at September 19, 2008, the issuance date, is \$276,000. All warrants were evaluated for liability treatment and were determined to be equity instruments.

On December 16, 2009, a warrant holder exercised 5,000 shares of the warrants via a cashless exercise. The Company issued 2,510 shares of common stock upon the exercise of the warrants at no consideration. At September 30, 2012, warrants to purchase 47,500 shares of common stock were still outstanding.

20. Defined contribution plan

Full-time employees of the Company in the P.R.C. participate in a government mandated defined contribution plan, pursuant to which certain pension benefits, medical care, employee housing fund and other welfare benefits are provided to employees. Chinese labor regulations require that the P.R.C. operating subsidiaries of the Company make contributions to the government for these benefits based on certain percentages of the employees' salaries. Except for pension benefits, medical care, employee housing fund and other welfare benefits mentioned above, the Company has no legal obligation for the benefits beyond the contributions made.

The total amounts for such employee benefits, which were expensed as incurred, were \$784,845 and \$562,074 for the nine months ended September 30, 2012 and 2011, respectively, and \$277,448 and \$159,758 for the three months ended September 30, 2012 and 2011, respectively.

HIGHPOWER INTERNATIONAL, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

21. Commitments and contingencies

Operating leases commitments

The Company leases factory and office premises under various non-cancelable operating lease agreements that expire at various dates through years 2012 to 2016, with an option to renew the lease. All leases are on a fixed repayment basis. None of the leases includes contingent rentals. Minimum future commitments under these agreements payable as of September 30, 2012 are as follows:

	\$
2012	264,820
2013	595,888
2014	309,982
2015	298,181
2016	<u>298,181</u>
	<u>1,767,052</u>

Rent expenses for the nine months ended September 30, 2012 and 2011 were \$928,351 and \$818,652, respectively, for the three months ended September 30, 2012 and 2011, rent expenses were \$309,502 and \$276,433, respectively.

Capital commitments and contingencies

The Company had contracted capital commitments of \$2,032,800 for the construction of Ganzhou plant as of September 30, 2012, and \$1,755,387 for the construction of the Huizhou plant as of December 31, 2011.

HIGHPOWER INTERNATIONAL, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Stated in US Dollars)

22. Segment information

The Company uses the "management approach" in determining reportable operating segments. The management approach considers the internal organization and reporting used by the Company's chief operating decision maker for making operating decisions and assessing performance as the source for determining the Company's reportable segments. Management, including the chief operating decision maker, reviews operating results solely by monthly revenue (but not by sub-product type or geographic area) and operating results of the Company and, as such, the Company has determined that the Company has one operating segment.

All long-lived assets of the Company are located in the P.R.C. Geographic information about revenues and accounts receivable based on the location of the Company's customers is set out as follows:

	<i>Three months ended</i>		<i>Nine months ended</i>	
	<i>September 30,</i>		<i>September 30,</i>

23. Subsequent events

The Company has evaluated subsequent events through the issuance of the consolidated financial statements and no subsequent event is identified.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion relates to the financial condition and results of operations of Highpower International, Inc. (the "Company") and its wholly-owned subsidiary Hong Kong Highpower Technology Company Limited (referred to herein as "HKHTC"); HKHTC's wholly-owned subsidiaries Shenzhen Highpower Technology Company Limited ("SZ Highpower"), Icon Energy System Company Limited ("ICON") and Highpower Energy Technology (Huizhou) Co. ("HZ Highpower"), which has not yet commenced operations; HKHTC's and SZ Highpower's jointly owned subsidiary, Springpower Technology (Shenzhen) Company Limited ("SZ Springpower"); SZ Highpower's 60%-owned subsidiary, Ganzhou Highpower Technology Company Limited ("GZ Highpower"); and SZ Highpower's wholly-owned subsidiary, Huizhou Highpower Technology Company Limited ("HZ HTC"), which commenced operations in August 2012.

Forward-Looking Statements

This management's discussion and analysis of financial condition and results of operations should be read in conjunction with our unaudited consolidated financial statements and the related notes that are included in this Quarterly Report and the audited consolidated financial statements and related notes and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained in our Annual Report on Form 10-K for the year ended December 31, 2011 (the "Annual Report").

This Quarterly Report contains forward-looking statements that involve substantial risks and uncertainties. All statements other than historical facts contained in this report, including statements regarding our future financial position, results of operations, cash flows, business strategy and plans and objectives of management for future operations, are forward-looking statements. The words "anticipates," "believes," "expects," "plans," "intends," "seeks," "estimates," "projects," "predicts" "could," "should" "would" "will" "may," "might", and similar expressions, or the negative of such expressions, are intended to identify forward-looking statements. Such statements reflect our management's current views with respect to future events and financial performance and involve risks and uncertainties, including, without limitation, the current economic downturn adversely affecting demand for our products; fluctuations in the cost of raw materials; our dependence on, or inability to attract additional, major customers for a significant portion of our net sales; our ability to increase manufacturing capabilities to satisfy orders from new customers; changes in the laws of the P.R.C. that affect our operations; our ability to complete construction at our new manufacturing facility on time; our ability to control operating expenses and costs related to the construction of our new manufacturing facility; the devaluation of the U.S. Dollar relative to the Renminbi; our dependence on the growth in demand for portable electronic devices and the success of manufacturers of the end applications that use our battery products; our responsiveness to competitive market conditions; our ability to successfully manufacture lithium batteries in the time frame and amounts expected; the market acceptance of our lithium products; changes in foreign, political, social, business and economic conditions that affect our production capabilities or demand for our products; and various other matters, many of which are beyond our control. Actual results may vary materially and adversely from those anticipated, believed, estimated or otherwise indicated should one or more of these risks or uncertainties occur or if any of the risks or uncertainties described in elsewhere in this report or in the "Risk Factors" section of our Annual Report occur. Consequently, all of the forward-looking statements made in this filing are qualified by these cautionary statements and there can be no assurance of the actual results or developments.

Overview

Highpower was incorporated in the state of Delaware on January 3, 2006 and originally organized as a "blank check" shell company to investigate and acquire a target company or business seeking the perceived advantages of being a publicly held corporation. On November 2, 2007, we closed a share exchange transaction, pursuant to which we (i) became the 100% parent of HKHTC and its wholly-owned subsidiary, SZ Highpower, (ii) assumed the operations of HKHTC and its subsidiary and (iii) changed our name from Highpower Technology, Inc. to Highpower International, Inc. on October 20, 2010.

HKHTC was incorporated in Hong Kong in 2003, under the Companies Ordinance of Hong Kong. HKHTC formed HZ Highpower and SZ Springpower in 2008. HZ Highpower has not yet commenced business operations as of August 9, 2012. On September 14, 2012, SZ Springpower increased its registered capital from \$1,000,000 to \$3,330,000, which increase of \$2,330,000 was invested by SZ Highpower. SZ Highpower now holds 69.97% of the outstanding equity interest of SZ Springpower, and HKHTC holds the remaining 30.03%. HKHTC formed another wholly-owned subsidiary, ICON, a company organized under the laws of the P.R.C., in February 2011, and it commenced operations in July 2011.

SZ Highpower was founded in 2001 in the P.R.C. SZ Highpower formed a subsidiary, GZ Highpower, which commenced business operations in September 2010. On February 8, 2012, GZ Highpower increased its registered capital from RMB2,000,000 (\$293,574) to RMB30,000,000 (\$4,762,586). SZ Highpower holds 60% of the equity interest of GZ Highpower and four other founding management members hold the remaining 40%. In March 8, 2012, SZ Highpower founded another wholly-owned subsidiary, HZ HTC, under the P.R.C. laws. HZ HTC engages in the manufacture of batteries.

Through SZ Highpower, we manufacture Nickel Metal Hydride (“Ni-MH”) batteries for both consumer and industrial applications. We have developed significant expertise in Ni-MH battery technology and large-scale manufacturing that enables us to improve the quality of our battery products, reduce costs, and keep pace with evolving industry standards. In 2008, we commenced manufacturing two lines of Lithium-Ion (“Li-ion”) and Lithium polymer rechargeable batteries through SZ Springpower for higher-end, high-performance applications, such as laptops, digital cameras and wireless communication products. Our automated machinery allows us to process key aspects of the manufacturing process to ensure high uniformity and precision, while leaving the non-key aspects of the manufacturing process to manual labor.

We employ a broad network of sales staff in China and Hong Kong, which target key customers by arranging in-person sales presentations and providing post-sale services. The sales staff works with our customers to better address customers’ needs.

In 2010, we began a new materials business in which we buy and resell certain raw materials related to our battery manufacturing operations. This new materials business generates revenue and income and helps us understand our raw material supply chain, control our raw material costs and ensure that we have a steady supply of raw materials for our battery manufacturing operations to reduce our reliance on external suppliers. We will gradually phase out our trading programs, and implement full-scale materials recycling operations after GZ Highpower completes the construction of its recycling plants.

Critical Accounting Policies and Estimates

The Securities and Exchange Commission (“SEC”) defines critical accounting policies as those that are, in management's view, most important to the portrayal of our financial condition and results of operations and those that require significant judgments and estimates.

The preparation of these consolidated financial statements requires our management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, as well as the disclosure of contingent assets and liabilities at the date of our financial statements. We base our estimates on historical experience, actuarial valuations and various other factors that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Some of those judgments can be subjective and complex and, consequently, actual results may differ from these estimates under different assumptions or conditions. While for any given estimate or assumption made by our management there may be other estimates or assumptions that are reasonable, we believe that, given the current facts and circumstances, it is unlikely that applying any such other reasonable estimate or assumption would materially impact the financial statements. The accounting principles we utilized in preparing our consolidated financial statements conform in all material respects to U.S. GAAP.

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires the Company to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates and assumptions include revenues; the allowance for doubtful receivables; recoverability of the carrying amount of inventory; fair values of financial instruments; and the assessment of deferred tax assets or liabilities. These estimates are often based on complex judgments and assumptions that management believes to be reasonable but are inherently uncertain and unpredictable. Actual results could differ from these estimates.

Accounts Receivable. Accounts receivable are stated at original amount less allowance made for doubtful receivables, if any, based on a review of all outstanding amounts at the period end. An allowance is also made when there is objective evidence that we will not be able to collect all amounts due according to original terms of receivables. Bad debts are written off when identified. We extend unsecured credit to customers in the normal course of business and believe all accounts receivable in excess of the allowances for doubtful receivables to be fully collectible. We do not accrue interest on trade accounts receivable.

Revenue Recognition. We recognize revenue in accordance with ASC Topic 605. All of the following criteria must exist in order for the Company to recognize revenue: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred or services have been rendered; (3) price to the buyer is fixed or determinable; and (4) collectability is reasonably assured.

We do not have arrangements for returns from customers and do not have any future obligations directly or indirectly related to product resale by the customer. We have no incentive programs.

Inventories. Inventories are stated at the lower of cost or market value. Costs are determined on a weighted-average method. Inventories include raw materials, packing materials, work-in-process, consumables and finished goods. The variable production overhead is allocated to each unit of production on the basis of the actual use of the production facilities. The allocation of fixed production overhead to the costs of conversion is based on the normal capacity of the production facilities. Where there is evidence that the utility of inventories, in their disposal in the ordinary course of business, will be less than cost, whether due to physical deterioration, obsolescence, changes in price levels, or other causes, the inventories are written down to their fair value for the difference with charges to cost of sales.

Income Taxes. The Company recognizes deferred assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period end based on enacted tax laws and statutory tax rates, applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

Foreign Currency Translation and Transactions. Highpower's functional currency is the United States dollar ("US\$"). HKHTC's functional currency is the Hong Kong dollar ("HK\$"). The functional currency of the Company's subsidiaries in the P.R.C. is the Renminbi ("RMB").

At the date a foreign currency transaction is recognized, each asset, liability, revenue, expense, gain, or loss arising from the transaction is measured initially in the functional currency of the recording entity by use of the exchange rate in effect at that date. The increase or decrease in expected functional currency cash flows upon settlement of a transaction resulting from a change in exchange rates between the functional currency and the currency in which the transaction is denominated is recognized as foreign currency transaction gain or loss that is included in determining net income for the period in which the exchange rate changes. At each balance sheet date, recorded balances that are denominated in a foreign currency are adjusted to reflect the current exchange rate.

The Company's reporting currency is US\$. Assets and liabilities of HKHTC and the P.R.C. subsidiaries are translated at the current exchange rate at the balance sheet dates, revenues and expenses are translated at the average exchange rates during the reporting periods, and equity accounts are translated at historical rates. Translation adjustments are reported in other comprehensive income.

Results of Operations

Three Months Ended September 30, 2012 and 2011

Net sales for the three months ended September 30, 2012 were \$31.9 million compared to \$28.1 million for the three months ended September 30, 2011, an increase of 13.4%. The net increase was primarily due to an increase of \$5.3 million in revenue from sales of our lithium batteries and an increase of \$1.7 million in revenue from sales of our Ni-MH batteries, which was partially offset by a decrease of \$3.2 million in revenue from our New Materials business. Revenue from sales of our lithium batteries and sales of our Ni-MH batteries increased 87.7% and 9.1%, respectively. The increase in revenues from our lithium batteries business was due to a 55.6% increase in the volume of batteries sold and a 20.6% increase in the average selling price resulting from our sale of higher quality and higher capacity battery products. The increase in revenues attributable to our Ni-MH batteries business was due to an 11.8% increase in the volume of Ni-MH battery units sold, which was partly offset a 2.5% decrease in the average selling price of Ni-MH battery units sold. In addition, revenues from our New Materials business dropped to \$641,239 for the three months ended September 30, 2012 from \$3.8 million for the three months ended September 30, 2011, a decrease of 83.2%. The decrease in revenues from our New Materials business was due to our strategic shift to implement a full scale battery and e-waste recycling business.

Cost of sales consists of the cost of direct materials, direct labor and overhead allocated. Costs of sales were \$24.3 million for the three months ended September 30, 2012, as compared to \$24.2 million for the same period in 2011. As a percentage of net sales, cost of sales decreased to 76.1% for the three months ended September 30, 2012 compared to 86.2% for the same period in 2011. This decrease was attributable to decreases of raw material prices, including a 26.0% decrease in the average price of nickel, from the comparable period in 2011.

Gross profit for the three months ended September 30, 2012 was \$7.6 million, or 23.9% of net sales, compared to \$3.9 million, or 13.8% of net sales, for the same period in 2011. Management considers gross profit margin a key performance indicator in managing our business. Gross profit margins are usually a factor of cost of sales, product mix and demand for product. This increase was attributable to decreases of raw material prices including a 26.0% decrease in the average price of nickel, from the comparable period in 2011. In addition, revenue from our New Materials business decreased to \$641,239 for the three months ended September 30, 2012 from \$3.8 million for the three months ended September 30, 2011, which business has lower gross profit margins than our other business operations.

To cope with pressure on our gross margins we intend to control production costs by entering into long term contracts to lock in the raw material prices at the appropriate timing. Additionally, we have reorganized the Company's production structure and have focused more attention on employee training to enhance efficiency. We also intend to expand our market share by investing in greater promotion of our products in regions such as the U.S. and Europe, and by expanding our sales team with more experienced international sales personnel. We have also begun production capacity expansion for our lithium batteries business to take advantage of the strong demand for such products globally.

Research and development expenses were approximately \$1.1 million, or 3.6% of net sales for the three months ended September 30, 2012, as compared to approximately \$823,735, or 2.9% of net sales for the comparable period in 2011, an increase of 39.3%. The increase was due to the expansion of our workforce to expand our research and development and management functions.

Selling and distribution expenses were \$1.4 million, or 4.5% of net sales, for the three months ended September 30, 2012 compared to \$1.5 million, or 5.3% of net sales, for the same period in 2011. The percentage decrease was mainly due to the implementation of measures to control our expenses.

General and administrative expenses were \$4.0 million, or 12.7% of net sales, for the three months ended September 30, 2012, compared to \$2.2 million, or 7.8% of net sales, for the same period in 2011. The primary reason for the increase was the \$784,735 increase in the provision for bad debt expenses over the three months ended September 30, 2012.

We experienced loss on the exchange rate difference between the U.S. Dollar and the RMB of approximately \$200,488 and \$186,879, respectively, for the three months ended September 30, 2012 and 2011. The difference on exchange rate loss was due to the appreciation of the RMB relative to the U.S. Dollar over the respective periods.

We experienced a gain on derivative instruments of approximately \$207,576 in the three months ended September 30, 2012, which included a gain of \$77,752 on settled currency forwards and a gain of \$129,824 on unsettled currency forwards, as compared to a gain of \$97,411 for the comparable period in 2011, which included a loss of \$22,779 on the forward contract of nickel, a gain of \$202,148 on settled currency forwards and a loss of \$81,958 on unsettled currency forwards.

Interest expense was approximately \$63,935 for the three months ended September 30, 2012, as compared to approximately \$105,115 of interest expense for the same period in 2011. The fluctuation was primarily due to a \$132,197 increase in interest expense related to increased bank borrowings, which is offset by a \$173,377 increase in capitalized interest expenses. The increase in capitalized interest expenses was due to an increase in payments for the construction of the Huizhou facilities. Further increases in borrowing rates would further increase our interest expense, which would have a negative effect on our results of operations.

Other income, which consists of bank interest income, government grants and sundry income, was approximately \$176,265 for the three months ended September 30, 2012, as compared to approximately \$239,831 for the three months ended September 30, 2011, a decrease of \$63,566. The slight decrease was due to a decrease in government grants.

During the three months ended September 30, 2012, we recorded a provision for income tax expense of \$526,947, as compared to income tax benefit of \$73,683 for the same period in 2011. The increase was due to the increased income before taxes during this period.

Net income attributable to the Company for the three months ended September 30, 2012 was \$644,362, compared to net loss attributable to the Company of \$630,510 for the same period in 2011.

Nine Months Ended September 30, 2012 and 2011

Net sales for the nine months ended September 30, 2012 were \$81.8 million compared to \$84.8 million for the nine months ended September 30, 2011, a decrease of 3.4%. The net decrease of \$3.0 million was primarily due to a \$15.1 million decrease in revenue from our New Materials business, which was partially offset by an increase of \$10.1 million in revenue from sales of our lithium batteries and an increase of \$2.0 million in revenue from sales of our Ni-MH batteries. Revenue from sales of our lithium batteries and sales of our Ni-MH batteries increased 64.2% and 3.9%, respectively. The increase in revenues attributable to our lithium batteries business is due to a 39.0% increase in the volume of batteries sold and a 18.1% increase in the average selling price resulting from our sale of higher quality and higher capacity battery products. The increase in revenues attributable to our Ni-MH batteries business is due to a 4.9% increase in the volume of Ni-MH battery units sold which was partly offset by a 0.9% decrease in the average selling price of Ni-MH battery units sold. In addition, revenues from our New Materials business dropped to \$1.4 million for the nine months ended September 30, 2012 from \$16.5 million for the nine months ended September 30, 2011, a decrease of 91.7%. The decrease in New Materials business was due to our strategic shift to implement a full scale battery and e-waste recycling business.

Cost of sales consists of the cost of direct materials, direct labor and overhead allocated. Costs of sales were \$64.6 million for the nine months ended September 30, 2012, as compared to \$72.1 million for the same period in 2011. As a percentage of net sales, cost of sales decreased to 78.9% for the nine months ended September 30, 2012 compared to 85.1% for the same period in 2011. This decrease was attributable to decreases of raw material prices including a 27.4% decrease in the average price of nickel, from the comparable period in 2011.

Gross profit for the nine months ended September 30, 2012 was \$17.3 million, or 21.1% of net sales, compared to \$12.6 million, or 14.9% net sales, for the same period in 2011. Management considers gross profit margin a key performance indicator in managing our business. Gross profit margins are usually a factor of cost of sales, product mix and demand for product. This increase was attributable to decreases of raw material prices including a 27.4% decrease in the average price of nickel from the comparable period in 2011. In addition, revenue from our New Materials business decreased to \$1.4 million for the nine months ended September 30, 2012 from \$16.5 million for the nine months ended September 30, 2011, which business has lower gross profit margins than our other business operations.

Research and development expenses were approximately \$3.3 million, or 4.0% of net sales, for the nine months ended September 30, 2012 as compared to approximately \$2.3 million, or 2.7% of net sales, for the comparable period in 2011, an increase of 41.8%. The increase was due to the expansion of our workforce to expand our research and development and management functions.

Selling and distribution expenses were \$3.9 million, or 4.8% of net sales, for the nine months ended September 30, 2012 compared to \$3.7 million, or 4.3% of net sales, for the same period in 2011. The percentage increase was mainly due to the expansion of our sales team with more experienced international sales personnel.

General and administrative expenses were \$8.3 million, or 10.2% of net sales, for the nine months ended September 30, 2012, compared to \$6.4 million, or 7.6% of net sales, for the same period in 2011. The primary reason for the increase was the \$1.0 million increase in the provision for bad debt expenses over the nine months ended September 30, 2012.

We experienced loss on the exchange rate difference between the U.S. Dollar and the RMB of approximately \$78,458 and \$657,581, respectively, in the nine months ended September 30, 2012 and 2011. The difference on exchange rate loss was due to the appreciation of the RMB relative to the U.S. Dollar over the respective periods.

We experienced a gain on derivative instruments of approximately \$240,532 in the nine months ended September 30, 2012, which included a gain of \$141,987 on settled currency forwards and a gain of \$98,545 on unsettled currency forwards, as compared to a loss of \$136,786 for the comparable period in 2011, which included a loss of \$717,383 on the forward contract of nickel, a gain of \$368,699 on settled currency forwards and a gain of \$211,898 on unsettled currency forwards.

Interest expense was approximately \$377,376 for the nine months ended September 30, 2012, as compared to approximately \$365,257 of interest expense for the same period in 2011. The fluctuation was due to a \$310,460 increase in interest expense related to increased bank borrowings, which was partially offset by a \$298,341 increase in capitalized interest expenses. The increase in capitalized interest expenses was due to an increase in payments for the construction of the Huizhou facilities. Further increases in borrowing rates would further increase our interest expense, which would have a negative effect on our results of operations.

Other income, which consists of bank interest income, government grants and sundry income, was approximately \$404,483 for the nine months ended September 30, 2012, as compared to approximately \$458,086 for the nine months ended September 30, 2011, a decrease of \$53,603. The decrease was due to an decrease in government grants.

During the nine months ended September 30, 2012, we recorded a provision for income tax expense of \$943,213, as compared to income tax expense of \$69,095 for the same period in 2011. The increase was due to the income before taxes during this period.

Net income attributable to the Company for the nine months ended September 30, 2012 was \$1,151,261, compared to net loss attributable to the Company of \$596,767 for the same period in 2011.

Foreign Currency and Exchange Risk

Though the reporting currency is the US\$, the Company maintains its financial records in the functional currency of Renminbi ("RMB"). Substantially all of our operations are conducted in the P.R.C. and we pay the majority of our expenses in RMB. Approximately 75% of our sales are made in U.S. Dollars. During the nine months ended September 30, 2012, the exchange rate of the RMB to the U.S. Dollar appreciated 1.5% from the level at the end of December 31, 2011. A future appreciation of the RMB against the U.S. Dollar would increase our costs when translated into U.S. Dollars and could adversely affect our margins unless we make sufficient offsetting sales. Conversion of RMB into foreign currencies is regulated by the People's Bank of China through a unified floating exchange rate system. Although the P.R.C. government has stated its intention to support the value of the RMB, there can be no assurance that such exchange rate will not continue to appreciate significantly against the U.S. Dollar. Exchange rate fluctuations may also affect the value, in U.S. Dollar terms, of our net assets. In addition, the RMB is not freely convertible into foreign currency and all foreign exchange transactions must take place through authorized institutions. Due to the volatility of the US Dollar to our functional currency, the Company put into place in 2008 a hedging program to attempt to protect it from significant changes to the U.S. Dollar which affects the value of its U.S. Dollar receivables and sales. As of September 30, 2012, the Company had a series of currency forwards totaling a notional amount \$30.5 million expiring from October 2012 to May 2013. The terms of these derivative contracts are generally for 24 months or less. Changes in the fair value of these derivative contracts are recorded in earnings to offset the impact of loss on derivative instruments. The net gains of \$240,532 attributable to these activities are included in "gain (loss) of derivative instruments" for the nine months ended September 30, 2012.

Liquidity and Capital Resources

We had cash and cash equivalents of approximately \$5.5 million as of September 30, 2012, as compared to \$5.2 million as of December 31, 2011. Our funds are kept in financial institutions located in the P.R.C., which do not provide insurance for amounts on deposit. Moreover, we are subject to the regulations of the P.R.C. which restrict the transfer of cash from the P.R.C., except under certain specific circumstances. Accordingly, such funds may not be readily available to us to satisfy obligations incurred outside the P.R.C.

To provide liquidity and flexibility in funding our operations, we borrow amounts under bank facilities and other external sources of financing. As of September 30, 2012, we had in place general banking facilities with nine financial institutions aggregating \$53.9 million. The maturity of these facilities is generally less than five years. The facilities are subject to regular review and approval. Certain of these banking facilities are guaranteed by our Chief Executive Officer, Mr. Dang Yu Pan, and our subsidiaries, and contain customary affirmative and negative covenants for secured credit facilities of this type. However, these covenants do not have any impact on our ability to undertake additional debt or equity financing. Interest rates are generally based on the banks' reference lending rates. No significant commitment fees are required to be paid for the banking facilities. As of September 30, 2012, we had utilized approximately \$34.0 million under such general credit facilities and had available unused credit facilities of \$19.9 million.

For the nine months ended September 30, 2012, net cash provided by operating activities was approximately \$2.0 million, as compared to net cash used in operating activities of \$1.1 million for the comparable period in 2011. The net cash increase of \$3.1 million provided by operating activities is primarily attributable to, among other items, an increase of \$1.9 million in cash inflow from accounts payable, an increase of \$5.3 million in cash inflow from prepayments, an increase of \$1.5 million in cash inflow from income taxes payable, an increase of \$1.6 million in cash inflow from net income, which was significantly offset by a decrease of approximately \$2.1 million in accounts receivable, a decrease of \$4.9 million in inventories. The cash inflow increases in accounts payable and prepayments were, to a great extent, attributable to our increasingly strict recovery policies. The cash outflow increase in inventories was mainly due to an increase in our purchases of raw materials. The cash outflow increase in accounts receivable was due to extending payment terms from 69 days to 74 days.

Net cash used in investing activities was \$11.0 million for the nine months ended September 30, 2012 compared to \$5.0 million for the comparable period in 2011. The net increase of \$6.0 million cash used in investing activities was primarily attributable to an increase in the acquisition of plant and equipment for the new factory under construction in Huizhou, which was operational in August 2012. We are equipping the factory with new machines with more advanced manufacturing capabilities. In addition, we acquired 58,669 square meters pursuant to a land use right worth of \$1,323,559 in Ganzhou, Jiangxi province, China in February 2012.

Net cash provided by financing activities was \$8.8 million during the nine months ended September 30, 2012, as compared to net cash provided by financing activities of \$5.7 million for the nine months ended September 30, 2011. The net increase of \$3.1 million cash provided by financing activities was primarily attributable to an increase of \$7.9 million in proceeds from long-term bank loans, a decrease of \$3.5 million in repayment of short-term bank loans, an increase of \$947,987 in proceeds from non-controlling interest, an increase of \$8.9 million in proceeds from notes payable, which was partly offset by a decrease of \$2.8 million in proceeds from short-term bank loans, an increase of \$10.5 million in repayment of notes payable, an increase of \$1.5 million in repayment of letter of credit, a decrease of \$3.0 million in proceeds from letters of credit and a decrease of \$263,335 in restricted cash. The increase was mainly due to an increase in our long-term loan to fund the new factory located in Huizhou. We also utilize notes payable to meet our working capital needs. The increase in restricted cash was caused by the increase in proceeds from notes payable and foreign currency loans.

For the nine months ended September 30, 2012 and 2011, our inventory turnover was 4.2 times and 5.5 times, respectively. The average days outstanding of our accounts receivable at September 30, 2012 was 74 days, as compared to 69 days at September 30, 2011. Inventory turnover and average days outstanding are key operating measures that management relies on to monitor our business. In the next 12 months, we expect to expand our research, development and manufacturing of lithium-based batteries and anticipate additional capital expenditures.

We are required to contribute a portion of our employees' total salaries to the Chinese government's social insurance funds, including medical insurance, unemployment insurance and job injuries insurance, and a housing assistance fund, in accordance with relevant regulations. Total contributions to the funds were approximately \$277,448 and \$159,758 for the three months ended September 30, 2012 and 2011, respectively and \$784,845 and \$562,074 for the nine months ended September 30, 2012 and 2011, respectively. We expect the amount of our contribution to the government's social insurance funds to increase in the future as we expand our workforce and operations.

Based upon our present plans, we believe that cash on hand, cash flow from operations and funds available under our bank facilities will be sufficient to meet our capital needs for the next 12 months. However, our ability to maintain sufficient liquidity depends partially on our ability to achieve anticipated levels of revenue, while continuing to control costs. If we did not have sufficient available cash, we would have to seek additional debt or equity financing through other external sources, which may not be available on acceptable terms, or at all. Failure to maintain financing arrangements on acceptable terms would have a material adverse effect on our business, results of operations and financial condition.

The use of working capital is primarily for the maintenance of our accounts receivable and inventory. We provide our major customers with payment terms ranging from 30 to 75 days. Additionally, our production lead time is approximately 30 to 40 days, from the inspection of incoming materials, to production, testing and packaging. We need to keep a large supply of raw materials, work-in-process and finished goods inventory on hand to ensure timely delivery of our products to customers. We use two methods to support our working capital needs: (i) paying our suppliers under payment terms ranging from 30 to 60 days; and (ii) using short-term bank loans. Upon receiving payment for our accounts receivable, we pay our short-term loans. Our working capital management practices are designed to ensure that we maintain sufficient working capital.

Recent Accounting Pronouncements

In July 2012, the FASB issued ASU 2012-02, "Intangibles-Goodwill and Other (Topic 350): Testing Indefinite-Lived Intangible Assets for Impairment." This ASU simplifies how entities test indefinite-lived intangible assets for impairment, which improves consistency in impairment testing requirements among long-lived asset categories. These amended standards permit an assessment of qualitative factors to determine whether it is more likely than not that the fair value of an indefinite-lived intangible asset is less than its carrying value. For assets in which this assessment concludes it is more likely than not that the fair value is more than its carrying value, these amended standards eliminate the requirement to perform quantitative impairment testing as outlined in the previously issued standards. The guidance is effective for annual and interim impairment tests performed for fiscal years beginning after September 15, 2012, early adoption is permitted. The Company has adopted this ASU beginning with its Quarterly Report on Form 10-Q for the three months ended September 30, 2012. There is no material impact on the consolidated financial statements upon adoption.

Other than the ASU above, in the period ended November 9, 2012, the FASB has issued ASU No. 2012-01 through ASU 2011-02, which is not expected to have a material impact on the consolidated financial statements upon adoption.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Not required for a smaller reporting company.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain "disclosure controls and procedures", which are designed to ensure that information required to be disclosed in the reports we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer, or CEO, and Chief Financial Officer, or CFO, as appropriate to allow timely decisions regarding required disclosure.

Based on an evaluation carried out as of the end of the period covered by this quarterly report, under the supervision and with the participation of our management, including our CEO and CFO, who have concluded that, our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) were effective as of September 30, 2012.

Changes in Internal Control over Financial Reporting

Based on the evaluation of our management as required by paragraph (d) of Rule 13a-15 of the Exchange Act, there were no changes in our internal control over financial reporting that occurred during our quarter ended September 30, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

On August 20, 2007, a lawsuit was filed against SZ Highpower and various other defendants by Energizer, S.A. in the United States District Court for the Southern District of New York. The lawsuit arose out of a fire that occurred on a cargo vessel carrying batteries sold to Energizer by SZ Highpower that resulted in damages to various third parties. Energizer alleged that it was entitled to indemnification from SZ Highpower for any damages or losses that it became liable to pay to third parties as a result of the fire. Energizer sought indemnity and/or contribution from SZ Highpower for such sums, together with expenses, including attorneys' fees and costs.

The parties to the suit participated in third party mediation to resolve the claims alleged in the suit. On June 25, 2012, the parties reached a settlement and SZ Highpower paid \$1,500,000 to Energizer, which was in addition to the other amounts paid by from the other defendants. As a result of the settlement, Energizer withdrew the lawsuit. SZ Highpower is not subject to any further liabilities to Energizer with respect to the facts alleged in the lawsuit. Energizer continues to be one of our customers.

Item 2. Unregistered Sale of Equity Securities and Use of Proceeds

None.

Item 3. Default Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

Loan Contract Between SZ Highpower and China Everbright Bank Shenzhen Longhua Sub-branch

On August 1, 2012, SZ Highpower entered into a credit contract revolving line of credit in the amount of RMB50,000,000 (US\$8.0 million) with China Everbright Bank Shenzhen Longhua Sub-branch which expires on July 31, 2013.. The Comprehensive Credit Line is guaranteed by our Chief Executive Officer, Mr. Dang Yu Pan. The parties will execute a specific contract for each drawdown of the line of credit which agreements will contain the interest rate, exchange rate, fee rate and other fees to be charged by the bank.

During the term of the line of credit, SZ Highpower must (1) submit true financial statements to the bank and (2) truthfully provide major bank account, deposit and loan balances and other relevant information of its operating conditions. During term of the line of credit, SZ Highpower must promptly report to the bank any transaction involving more than 10% of net assets. During the term of the line of credit, SZ Highpower must provide advance notice to the bank prior to providing a guarantee for third party, which guarantee may not affect SZ Highpower's ability to pay off debt incurred under the line of credit. In the event of SZ Highpower's breach of the agreement, including any breach of any specific contract, the bank may cancel the agreement and declare all amounts due under the line of credit immediately due and payable. SZ Highpower is responsible for payment for any damages incurred by the bank related to its breach of the agreement.

Loan Agreement between HKHTC and Shanghai Commercial & Savings Bank Ltd., Hong Kong branch

On August 2, 2012, HKHTC entered into an agreement for a revolving short-term secured loan facility in the amount of \$4,000,000 with Shanghai Commercial & Savings Bank Ltd., Hong Kong branch, which expires on June 7, 2013. The interest rate to be charged on loaned funds is 2% per annum above the 6-month LIBOR or at a rate not to be less than the bank's cost of funds. Interest is payable monthly commencing one month after the drawdown date or at the due date, whichever is earlier. The bank may, at any time in its absolute discretion, cancel or withdraw the facility and/or to demand immediate repayment or payment, as the case may be, of all amounts outstanding under the facility, whereupon the facility shall be cancelled or withdrawn. The bank may declare all amounts due pursuant to the facility upon the following events of default: (1) HKHTC fails to pay any amounts payable under the facility on its due date; (2) HKHTC fails to perform any of its obligations under the agreement; (3) HKHTC's bankruptcy; (4) any representation or warranty of HKHTC in the agreement proves to have been untrue or inaccurate in any material respect; (5) the occurrence of any situation which in the bank's opinion may materially and adversely affect HKHTC's ability to perform its obligations under the agreement; or (6) any shareholder (being a company) commits an act to go into voluntary liquidation or reconstruction or amalgamation.

Loan Agreement between SZ Highpower and Industrial and Commercial Bank of China Ltd, Shenzhen Henggang Branch

On September 12, 2012, SZ Highpower entered into a loan agreement with Industrial and Commercial Bank of China Ltd, Shenzhen Henggang Branch providing for a line of credit of up to RMB20,000,000 (US\$ 3,181,775). SZ Highpower may withdraw the loan, from time to time as needed, but must make a drawdown on or prior to September 5, 2013, after which time the bank may cancel all or part of the facility. All drawdowns must be made on or prior to September 5, 2013. The term of the loan will be 12 months from date the date of the first drawdown. The interest rate charged on the loan is variable up to a maximum of 15%. The loan agreement prohibits, prior to the repayment of all amounts due under the loan agreement, SZ Highpower's payment of dividends. SZ Highpower must obtain the prior written consent of the bank for certain transactions, including mergers, divestitures, reductions of capital, changes in ownership, transfers of a significant amount of assets or liabilities, an increase in debt financing or other actions that may adversely affect the bank's rights under the agreement. The loan is guaranteed by SZ Springpower, HKHTC and our chief executive officer, Dang Yu Pan.

Upon the occurrence of an event of default, the bank may (1) require SZ Highpower to remedy such default within a specified time period; (2) cancel or terminate other financing arrangements with SZ Highpower; (3) declare all amounts outstanding under the agreement immediately due and payable; (4) require SZ Highpower to compensate the bank for damages it incurs as a result of the event of default; or (5) other measures permitted under applicable law or other necessary measures. Event of default include: (1) SZ Highpower fails to timely pay any amounts due under the agreement or to perform its obligations under the agreement; (2) there is a change in guarantees provided in the loan that adversely affect the bank's ability to collect from the guarantors and SZ Highpower is unable to provide alternate guarantors acceptable to the bank; (3) SZ Highpower's failure to pay off any of its other debts or comply with its other obligations in the agreement which is likely to affect SZ Highpower's performance of its obligations under the agreement; (4) a deterioration in the financial performance, profitability, debt repayment ability, operating capacity or cash flow of SZ Highpower that may affect its ability to comply with the obligations under the agreement; (5) a material adverse change in SZ Highpower's ownership structure or operations that are likely to affect its ability to comply with its obligations under the agreement; (6) SZ Highpower's involvement in significant litigation, proceedings or investigations that are likely to affect its ability to comply with its obligations under the agreement; (7) a change in SZ Highpower's the principal investors or key officers that is likely to affect its ability to comply with its obligations under the agreement; (8) SZ Highpower's use of false contracts with related parties or evasion of the bank's rights pursuant to the agreement loan through related parties; (9) SZ Highpower's bankruptcy, dissolution, liquidation, reorganization or cessation of business operations or the revocation of SZ Highpower's business license; (10) SZ Highpower's breach of food safety, production safety, environmental protection and other environmental and social risk management related laws and regulations, regulatory requirements or industry standards, that are likely to affect its ability to comply with its obligations under the agreement; (11) SZ Highpower's credit rating, profitability, asset-liability ratio, net cash flow of operations or other indicators do not meet the credit conditions of the bank; (12) SZ Highpower, without the bank's written contract, pledges, guarantees or provides assurance guarantees to other parties, likely to affect its ability to comply with its obligations under the agreement; or (13) any other adverse situation which may affect in the bank's ability to be repaid under the agreement.

The Borrower shall give notice to the Bank no later than 2 business days before the day it requires drawdown. The notice of drawdown referred herein shall be in such form and content to be determined by the Bank in its absolute discretion.

7. **Repayment**

Subject to the Bank's overriding right of withdrawal and forthwith repayment on demand, all the outstanding liabilities under the Facility shall be repaid by 7th June 2013.

8. **Conditions Precedent**

The availability of the Facility is subject to and conditional upon due and complete fulfillment of all of the following conditions :-

- (a) delivery of certified true copies of the Certificate of Incorporation and Memorandum and Articles of Association (or equivalent constitutional documents) of the Borrower(s);
- (b) delivery of appropriate supporting board minutes and/or shareholders' resolutions in a form acceptable to the Bank;
- (c) the General Letter of Hypothecation; and
- (d) such other documents, items or evidence (all in a form acceptable to the Bank) as the Bank may require.

THE SHANGHAI COMMERCIAL & SAVINGS BANK, LTD.
HONG KONG BRANCH
(INCORPORATED IN TAIWAN WITH LIMITED LIABILITY)

9. **Nature and Term of the Facility**

Subject to the Bank's overriding right of withdrawal and forthwith repayment on demand, the term of the Facility shall be for a period up to 7th June 2013.

We must stress that notwithstanding anything contained in this Facility Letter, the Bank shall be entitled at any time in its absolute discretion to cancel or withdraw the Facility and/or to demand immediate repayment or payment (as the case may be) of all principal, interest, fees and other amounts outstanding under this Facility Letter (the "**Facility Liabilities**") (whereupon the Facility shall be so cancelled or withdrawn and/or the Facility Liabilities shall be immediately so payable).

The Facility is also subject to our customary periodic review, normally on an annual basis. In any event, the Bank may at any time cancel the outstanding commitment in respect of any undrawn portion of the Facility.

It should be noted that approval of advance to the Borrower under any of the Facility may in our sole and absolute discretion, be varied, withdrawn or suspended at any time before any such advance is in fact made notwithstanding any purported acceptance by the Borrower hereunder or the signing/execution of any Facility Letter and security documents by the Borrower in favour of us.

Please indicate your acceptance of the Facility by signing and returning the enclosed duplicate of this Facility Letter, which should be duly signed by you and the relevant party(ies) (if any) within 30 days hereof to evidence your understanding, failing which the offer in this Facility Letter will lapse (unless otherwise agreed by our Bank).

Yours faithfully,
For and on behalf of
The Shanghai Commercial & Savings
Bank, Ltd., Hong Kong Branch

APPENDIX

Definitions and Interpretation

“**HIBOR**” means the annual rate of interest applicable for each interest period in respect of an advance determined conclusively, in the absence of manifest error, by the Bank to be the rate (rounded up, if necessary, to the nearest integral multiple 1/16 per cent.) at which Hong Kong dollar deposits in amounts comparable to the amount of the advance are offered by the Bank for that interest period to prime banks in the Hong Kong inter-bank market at or about 11:00 a.m. (Hong Kong time) on the first day of that interest period;

“**Hong Kong**” means the Hong Kong Special Administrative Region of the People’s Republic of China;

“**LIBOR**” means the annual rate of interest applicable for each interest period in respect of an advance determined conclusively, in the absence of manifest error, by the Bank to be the rate (rounded up, if necessary, to the nearest integral multiple 1/16 per cent.) at which United States dollar deposits in amounts comparable to the amount of the advance are offered by the Bank for that interest period to prime banks in the London inter-bank market at or about 11:00 a.m. (London time) on the first day of that interest period;

“**Prime Rate**” means Hong Kong dollar prime lending rate as announced, quoted or applied by the Bank from time to time and subject to fluctuation at its discretion;

General Terms and Conditions

1. **Interest Rate Calculation Basis**

1.1 Interest shall be computed on the basis of a 365 day year for Hong Kong dollar Facilities and 360 day year for Facilities in other currencies.

2. **Overdue Interest**

2.1 4% per annum over the interest rate as set out in paragraph 4 of the Facility Letter subject to changes at our discretion.

3. **Interest and Repayment on Overdraft facility (“O/D”)**

3.1 O/D is repayable on demand. Interest is to be accrued on a daily basis but payable monthly in arrears to the debit of the Borrower’s Current Account on the 21st day (or the next business day if it is a holiday) of each and every calendar month. Any O/D in excess of the agreed limit is subject to approval at our discretion. Interest on such excess amount is to be charged at such rate as the Bank may from time to time determine on a daily basis which is currently at Prime Rate plus 10% per annum.

THE SHANGHAI COMMERCIAL & SAVINGS BANK, LTD.
HONG KONG BRANCH
(INCORPORATED IN TAIWAN WITH LIMITED LIABILITY)

4. **Set-off**

4.1 In the event of default, the Bank have the right to set off any credit balance in other accounts held by the Borrower solely or jointly with other person(s) against the actual or contingent liabilities due to the Bank whether current or otherwise or subject to notice or not.

5. **Expenses**

5.1 Whether or not the legal documentation for the Facilities is executed as contemplated, all expenses, commissions, legal costs, fees, stamp duties, insurance premiums, property valuation fees, documentation costs, out-of-pocket expenses and any other expenses reasonably incurred in connection with the Facilities including, without limitation, the preparation, execution and/or enforcement of the relative security documents shall be for the Borrower's account and borne by the Borrower and shall be payable on demand.

6. **Forced Liquidation**

6.1 If the total outstanding amount under the Facility shall exceed [801% of the market value of the Collateral, the Borrower shall, on demand by the Bank, make partial prepayment of the Facility in the sum equal to the amount of the total outstanding amount under the Facility exceeding [801% of the market value of the Collateral to the extent that the remaining total outstanding amount under the Facility (after the aforesaid partial prepayment) shall not exceed [801% of the market value of the Collateral. The market value of the Collateral shall be determined by the Bank in its absolute discretion and the determination of the Bank on the market value of the Property shall be final and conclusive and be binding on the Borrower.

7. **Debt Collection Agencies**

7.1 When necessary and at the Bank's discretion, debt collection agencies may be appointed to recover any overdue amount due to the Bank by the Borrower. The Borrower are required to indemnify the Bank for the reasonable costs and expenses incurred in the debt recovery process.

8. **Availability Period of The Facility**

8.1 The Facility will be available for 3 months from the date of this Facility Letter unless further extension is agreed by the Bank in writing. After the expiration of the said 3 months period, the Facility shall automatically become lapsed and be terminated.

9. **Increased Costs**

9.1 If any change in, or in the interpretation of or compliance with, any law or regulation subjects the Bank to tax in respect of sums payable by the Borrower hereunder (other than tax on the Bank's overall net income), or increases the Bank's cost of making available or maintaining the Facility or reduces the amount of any payment receivable by the Bank hereunder, then the Borrower will pay the Bank on demand all amounts needed to compensate the Bank therefor.

THE SHANGHAI COMMERCIAL & SAVINGS BANK, LTD.
HONG KONG BRANCH
(INCORPORATED IN TAIWAN WITH LIMITED LIABILITY)

10. **Representations and Warranties**

10.1 The Borrower represents and warrants to the Bank that:

- (a) the Borrower has full capacity and legal right to enter into and engage in the transactions contemplated by this Facility Letter and this Facility Letter constitutes legal, valid and binding obligations of the Borrower in accordance with its terms;
- (b) neither the borrowing of the Facility nor the performance by the Borrower of its obligations hereunder will conflict with any obligation applicable to the Borrower or result in or oblige the Borrower to create any encumbrance on any of its property; and
- (c) there are no pending or, to the best of the knowledge and belief of the Borrower, threatened actions or proceedings before any court, arbitrator, administrative tribunal or governmental authority which might materially and adversely affect the business, assets or condition (financial or otherwise) or operations of the Borrower or its ability to perform its obligations hereunder.

11. **Events of Default**

11.1 The Bank may by written notice to the Borrower declare the amount of the Facility outstanding, accrued interest thereon and all other sums payable hereunder to be, whereupon the same shall become, immediately due and payable if any of the following events of default occurs :-

- (a) the Borrower fails to pay any sum payable hereunder on the due date;
- (b) the Borrower fails to perform any other of its obligations hereunder and, in respect only of a failure which is in the Bank's opinion capable of remedy, does not remedy such failure within seven (7) days after receipt of written notice from the Bank requiring it to do so;
- (c) any representation or warranty made by the Borrower in this Facility Letter is or proves to have been untrue or inaccurate in any material respect;
- (d) the Borrower (being individual) dies or commits an act of bankruptcy;
- (e) if any Shareholder (being a company) commits an act to go into voluntary liquidation or reconstruction or amalgamation; and
- (f) any situation occurs which in the opinion of the Bank may materially and adversely affect the ability of the Borrower to perform its obligations under this Facility Letter.

12. **Indemnity**

12.1 The Borrower shall indemnify the Bank against all losses, liabilities, damages and expenses which the Bank may sustain or incur as a consequence of any event of default hereunder or any default by the Borrower in the performance of its obligations hereunder.

THE SHANGHAI COMMERCIAL & SAVINGS BANK, LTD.
HONG KONG BRANCH
(INCORPORATED IN TAIWAN WITH LIMITED LIABILITY)

- 12.2 The Bank is entitled to employ, engage and appoint lawyers, debt collection agents or third party service providers to demand, request, recover and collect any money from time to time due and outstanding from the Borrower to the Bank under this Facility Letter and/or incurred as a consequence of any default by the Borrower in the performance of its obligations hereunder. The Borrower hereby agrees to pay and indemnify the Bank on full indemnity basis all the costs, expenses, charges, fees, commissions and service charges incurred by or charged against the Bank in relation to the employment, engagement and appointment of such lawyers, debt collection agents or third party service providers. The Borrower's attention is specifically drawn to the provisions of this Clause which may involve the Borrower in incurring additional costs and expenses.
13. **Payments**
- 13.1 The Borrower shall make all payments under this Facility Letter in immediately available funds by [*] a.m. (Hong Kong time) on the due day by such method as the Bank and the Borrower may agree.
14. **Assignment**
- 14.1 The Bank is entitled to assign or transfer all or any of its rights or transfer any of its obligations hereunder without the consent of the Borrower. The Borrower shall not assign any of its rights or transfer any of its obligations hereunder.
15. **Notices**
- 15.1 Any notice or demand given or made in connection with this Facility Letter shall be sent to the Bank or the Borrower, as the case may be, at its address given above or such other address as the relevant party may from time to time notify to the other. Notices shall be in writing and made by letter, telex or facsimile.
16. **Policy on Personal Data**
- 16.1 The policies and practices of the Bank in relation to personal data and the Personal Data (Privacy) Ordinance (Chapter 486, Laws of Hong Kong) are set out in the Circular to Customers and Other Individuals relating to the Personal Data (Privacy) Ordinance attached to this Facility Letter. The said policies and practices form an integral part of this Facility Letter and shall be deemed incorporated into this Facility Letter accordingly.
17. **Miscellaneous Provisions**
- 17.1 Where there is any conflict between the provisions in this Facility Letter and the other terms and conditions previously delivered to the Borrower by the Bank, the provisions herein shall prevail.
- 17.2 Section 83 of the Banking Ordinance (Chapter 155, Laws of Hong Kong, the "**Ordinance**") has imposed on the Bank as a bank certain limitations on advances to persons or companies related to the Bank's directors or employees. In acknowledging this Facility Letter the Borrower should advise the Bank whether the Borrower is in any way related to any of the Bank's directors or employees within the meaning of the Ordinance and in the absence of such advice the Bank will assume that the Borrower is not so related. The Borrower shall advise the Bank immediately in writing should it becomes so related subsequent to acknowledging this Facility Letter.

THE SHANGHAI COMMERCIAL & SAVINGS BANK, LTD.
HONG KONG BRANCH
(INCORPORATED IN TAIWAN WITH LIMITED LIABILITY)

- 17.3 Upon signing the duplicate of this Facility Letter, the Borrower consents to the Bank on providing to any guarantor or security provider in respect of any Facility or credit facilities extended to Borrower:
- (a) a copy of this Facility Letter evidencing the obligations to be guaranteed or secured or a summary thereof;
 - (b) a copy of any formal demand for overdue payment which is sent to the Borrower after it has failed to settle an overdue amount following a customary reminder; and
- from time to time on request by the guarantor or security provider, a copy of the latest statement of account provided to the Borrower.
- 17.4 If it becomes unlawful for the Bank to give effect to its obligations hereunder, it shall notify the Borrower in writing and the Borrower shall, within such period as may be permitted by the relevant law, repay the principal together with all interest accrued thereon to the date of repayment and other monies then payable hereunder.
- 17.5 If any provision herein becomes illegal, invalid or unenforceable then the remaining provisions of this Facility Letter shall not be affected or impaired thereby.
- 17.6 No failure or delay by the Bank in exercising any right, power or remedy hereunder shall operate as a waiver thereof. Rights, powers and remedies available under this Facility Letter do not exclude those provided by law.
18. **Language**
- 18.1 The Chinese version of the Facility Letter (including this Appendix) is for reference only and if there is any conflict between the English and Chinese versions, the English version shall prevail.
19. **Governing Law and Jurisdiction**
- 19.1 This Facility Letter and the Facility shall be governed by and construed in accordance with the laws of Hong Kong.
- 19.2 The parties hereto irrevocably submit to the non-exclusive jurisdiction of the courts of Hong Kong.
